DRY ICE TRANSPORTATION AND STORAGE

Containers made of polyethylene MONOBLOC

Olivo Cold Logistics offers a wide range of insulated containers dedicated to the transport and storage of Dry Ice. Body and lid are made of one piece (monobloc) rotomoulded polyethylene. Manufactured using the latest rotomoulding technology, these «ready to use » containers are fitted with special low-temperature silicone seal as standard.

The standard range is produced in turquoise blue colour RAL# (6024).

BAC 55

40 Kg*

BAC 75

60 Kg*

BAC 130

100 Kg*

BAC 160

120 Kg*

BAC 420

330 Kg*

Insulation

The insulation is polyurethane foam (CFC and HCFC free) produced by in-situ injection. All our units exceeds the requirements of Heavily Insulated standard, having thermal coefficients of less than 0.4 W/M2x ° C. To ensure conformance to our high standards, the insulation efficiency (K value) is tested by official and independent laboratories

* weight of Dry Ice calculated on the base of pellets with density of 0,8

The Olivo containers

The main players in the Dry Ice Industry are using worldwide the Olivo Containers. Our high quality containers for dry ice transportation and storage have the following advantages:

- Hygienic construction from food-grade materials
- Top quality polyurethane insulation
- Storage loss of 3 – 4% per day or less
- Flush fittings, clean lines, no protrusions
- Wide range of sizes to suit all users
- Durable construction from monobloc rotomoulded polyethylene
- Rust-proof passivated steel fittings

Weight of Dry Ice	40 Kg	60 Kg	100 Kg	120 Kg	330 Kg
Options	N.O.P	N.O.P	N.O.P	O.P	O.P

Features

Technical features

- 5 Silicone monobloc seal
- 6 Recessed label holder
- 9 Lid fitted with gas jacks for a 80° opening (BAC 420)
- 10 Hinging from moulding and 110° opening
- 11.12 Flush mounted and recessed fasteners
- 13 BAC 55, 75,130 stackable with embossed bottom and lid from moulding.
- 14 BAC 160 & 420 on metal feet and lid fitted with stacking locations
- 15 Integrally moulded handles recessed
- 17 Drain plug (BAC 160 & 420)

Standard

G 4 Metal feet (BAC 160 & 420)

Options

N Castor base 2 fixed wheels, 2 swivelling wheels

O Castor base 2 fixed wheels, 2 swivelling wheels with brake

P Castor base 4 swivelling wheels, 2 with brake
